FUN! A **[NEW]** SECTION OF BiBi. WHAT DO I DO WITH IT?

You can add **BE IT.** to your existing copy of Believe It. Build It.
How? Print the new pages front to back and follow these steps:

1. Replace your existing **Cover and Table of Contents divider tab** with the new one.
2. Replace **Page 3** (we updated this page to describe that BiBi now has 4 sections!).
3. After page 8, add page **8a and 8b**.
4. After page 10, add page **10a and 10b**.
5. After page 12, add page **12a and 12b**.
6. After page 14, add page **14a and 14b**.
7. After page 16, add page **16a and 16b**.
8. After page 18, add page **18a and 18b**.

Your new “Be It Guide” content goes between your Building Blocks section and your Continuous Program Improvement Section:

9. After your new page 18a/18b, add the **“Be It Guide” divider tab** (there is no page number)
10. After your “Be It Guide” divider tab, add **pages A-N**

That's it. You are the proud new owner of some great new youth worker content. We can't wait to hear how you “Be It” for the young people in your world!
